

SAN DIEGO COUNTY INDIAN GAMING LOCAL COMMUNITY BENEFIT COMMITTEE

Application Form For FY 2011-2012 Grants

- A. Name of Jurisdiction: San Diego Sheriff's Department – Alpine Station
- B. Mailing Address of Jurisdiction: 2751 Alpine Boulevard, Alpine, CA 91901
- C. Name of Project: Alpine/Sycuan Solar LED Portable Message Sign
- D. Impacts are associated with which casino(s)? Sycuan
- E. The following uses are the priorities for receipt of grant money.
Please check all the priorities the project satisfies:

Law Enforcement: XXX	Fire Services	Emergency Medical Services
Environmental Impacts	Water Supplies	Waste Disposal
Behavioral Health	Public Health	Planning and Adjacent Land Uses
Roads	Recreation and Youth Programs	Child Care Programs

- F. On a separate sheet, please provide the following:
 - 1) A complete description of the project;

2) Evidence showing the relationship between the project and impacts on your jurisdiction associated with the particular casino(s) listed under "D" above, and data linking the percentage of the requested funding to the percentage of impacts associated with particular casinos (include the data source); and

3) An explanation of how the proposed project will mitigate impacts of casino(s).

G. Type of grant for which you are applying: (Check each that applies)

1. **60% Nexus Grant (note that only County of San Diego Offices and Departments are eligible for this type of grant)¹ XXX**

2. **20% Non-Nexus Grant XXX**

These "20% Non-Nexus Grants" are intended only for local jurisdictions (County, cities and special districts) impacted by Barona and/or Sycuan Casinos.

3. **20% Non-Nexus Grant _____**

These "20% Non-Nexus Grants" are intended for local jurisdictions (County, cities and special districts) impacted by casinos of Tribes NOT paying into the Special Distribution Fund² and for assistance to local jurisdictions for one-time large capital projects.

H. What is the project's estimated time frame? July 1, 2012 – June 30, 2013

I. Proportionate share of the project expenditure that mitigates the impact from the casino(s): 100%

J. Amount of funding requested through this application: \$17,590.74

K. What will be the total cost of the project? \$17,590.74

L. If total cost of the project exceeds amount of funding requested, please name other sources of funding that will be contributed to the project and the amount provided by each source: _____

M. On a separate sheet, please describe how you intend to meet the requirement that grant recipients must provide notice to the public, either through a slogan, signage or other mechanism, which states that the project has received funding

¹ County of San Diego is the only "local government jurisdiction" that meets two or more nexus criteria.

² Campo, La Jolla (proposed), La Posta, Pala, Pauma, Rincón, San Pasqual, Santa Ysabel and Viejas Bands.

from the Indian Gaming Special Distribution Fund and further identifies the particular Individual Tribal Casino Account from which the grant derives.

Please e-mail the complete Application to Eric.Lardy@sdcounty.ca.gov **AND** hand-deliver or mail a copy with the page containing the original Authorized Signature to the following address **by March 16, 2012**.

County of San Diego
Attn. Mr. Eric Lardy
1600 Pacific Highway
Room 212, MS A6
San Diego, CA 92101

I, Andrea Arreola, hereby acknowledge that the grant funds requested herein shall be used solely for the purpose that to the best of my knowledge mitigates impacts from casino projects. In compliance with AB 158, I agree to ensure that all grant funds received shall be deposited in a separate interest-bearing account; and at the completion of the project, I agree to return any earned interest or cost savings from the project to the County for reallocation by the Indian Gaming Local Community Benefit Committee.

Attachment F

Description of Project:

This project will fund the acquisition cost of a Solar LED Portable Message Sign for the Sheriff's Alpine Station for use in traffic management for the Sycuan Casino.

The Sheriff's Alpine Station covers the unincorporated communities of Alpine, Crest, Dehesa, Blossom Valley, Flinn Springs, Harbison Canyon, and the Viejas and Sycuan Indian Reservations. The Sycuan Casino and Resort holds special events which include concerts, parties, gaming contest and events, firework displays, community appreciation gatherings, New Year's Eve parties, sporting tournaments and tribal events. Approximately 10,000 persons visit the casino daily.

The year-round events increase traffic and add to an increase in traffic accidents and fatalities. During special events, if casino patrons cannot find sufficient parking on the casino property, they park on neighborhood streets. Late night events or those events which offer distilled beverages also add concern to traffic problems. Citizen complaints have been received regarding traffic and parking problems in the areas of casinos.

The Sheriff's Alpine Station proposes to deploy a Solar LED Portable Message Sign in neighboring areas to better direct traffic into special events, direct parking regulations and notify patrons and residents of emergency situations in the area. Staff at the Sheriff's Station will be responsible for deploying and demobilizing the sign boards.

A solar sign is needed so as not to disrupt residential neighborhoods with loud generators. LED boards powered by generators would add additional cost of gasoline to ensure they are operable and require constant monitoring during use.

The law enforcement application benefits:

- Traffic management
- Enhanced traffic safety
- Enhanced public communication
- Emergency notifications (fire evacuation routes, road closures and conditions)

Cost of Project:

The vendor, National Signal, Inc., has confirmed they will honor the pricing of the attached invoice. The acquisition cost for one Solar LED Portable Message Sign, including sales tax and ISF fee of 2.54%, is \$17,590.74.

SUNRAY SOLAR 290

Solar Powered Full Matrix Portable Message Sign

Custom Graphics

Optional fold-down array

National Signal continues to design the finest in PCMS applications using the latest in LED technology. The Sunray™ Street Machine is another fine addition to our Display Products brand of traffic message products. Designed for use on city streets or highways, it is easily transported and simple to operate, providing a variety of bright, multiple message and communication features to meet the most stringent requirements.

- **Designed for city/town or highway usage.**
- **Trailer mounted.**
- **AllnGaP LED technology.**
- **Hundreds of pre-programmed messages, MUTCD symbols, and operator-created messages.**
- **Optional electric solar panel tilt feature.**
- **Electro-hydraulic sign panel.**
- **Environmentally friendly.**
- **Cost effective.**
- **Reliable and easy to operate.**
- **NTCIP compliant.**
- **Optional Speed Display Feature**

Signal Panel:

- 3 line by 12 character maximum depending on font.
- Full Matrix LED - 28 pixels high by 48 pixels wide.
- 4 LEDs per pixel with 1.5" x 1.75" pixel spacing.
- 590 nm (amber) light output LED AllnGaP technology.
- Store over 300 pre-programmed permanent messages, MUTCD symbols, and operator-created messages.
- Moving arrows, chevrons, and other graphics with auto-centering of messages.
- Unaffected by RF interference.
- 6 fonts from 7.5" to 36" character height.

Sign panel	48" high x 96" wide
Sign window	1/8" UV stabilized, polycarbonate with matte finish
Legibility	1200 ft. (367 m)
Dimming.....	Manual or Automatic
Photoelectric cell	Mounted away from extraneous light.

Specifications subject to change at any time without notice. Copyright 2007 National Signal, Inc. All rights reserved. Printed in the United States.

Bright Ideas From A Bright Company

SPECIFICATIONS

Trailer Construction

Width across fenders.....	68"
Length w/draw bar	30"
Length w/o draw bar.....	112"
Height sign up	144"
Height sign down	81"
Weight	1800 lbs
Tire size	ST205/75-D15 load C
Wheel size	15"
Axle capacity	2000 lbs
Suspension	Leaf spring
Color	Orange, optional other colors
Hitch	2" ball class II 3500 lb capacity
Frame	3"x 3"x 1/8" wall tubing
Deck material	1/8" steel tread plate
Fenders	formed steel
Draw bar	2.5"x 2.5"x 3/16" wall steel
Jacks	(4) slide type plated, (1) swing type
Lighting	Stop, turn, and signal, side reflectors, four wire disconnect for towing
Lift mechanism	Electro-hydraulic, optional electric lift for solar array

Batteries and Solar collectors

Batteries	6v or 12v deep cycle with varying options
Solar collector	Crystalline silicon auto erecting
Battery charger	Fanned cooled, 45A (75A optional), external plug
Battery enclosure	Lockable, ventilated, acid resistant, steel, powder coat finish orange and other colors

Control

Type	Proprietary embedded fully NTCIP compliant
Password Protection	one level
LCD	4 lines, 40 characters per line, backlit
Messages	50 user programmable (4 pgs ea.), 9 linkable, 300 pre-programmed including MUTCD symbols and arrows

Dimming	31 levels, photocell controlled, manual or automatic
Remote comm	Cellular ready
Message scheduling	36 events per year

Display

Pixel matrix	28 rows by 48 columns
Character size	6 fonts from 7.5" to 36", 3 lines x 12 characters, graphics capable
LED's	590nm amber, 4 per pixel
Angularity	25° total
Legibility	1,200'
Brightness	Manual/automatic 31 levels
Photo Sensor	Shielded from extraneous light
Enclosure	48" x 96" Aluminum, finished powder coated black.
Character window	1/8" UV stable polycarbonate
	RF Interference...unaffected
Display height	48"
Display width	96"

Radar Detector (Optional)

Type	One true doppler radar
Speed range	5-200 Mph or km/h
Distance range	1/4 to 1/2 mile
Band type	K, 12°
Operating voltage	10.8 vdc to 16.8 vdc
Operating temperature	-22F to +140F (-30C to +60C)
100% relative humidity at +99F (+37C) non-condensing	
Accuracy	+/- 1 mph
Microwave source	Gunn-effect diode
Beam width	12 +/- 1

Options

- Intellistat provides a variety traffic statistics that can be displayed or printed in graph or raw data format. Includes software and pneumatic tube for vehicle count
- Strobe light for over speed
- Handheld radar upgrade
- Motion alarm
- Wheel locks
- Combo hitch 2" ball & 3" pintle ring
- Cellular phone for remote operation
- Handheld controller
